

COVID-19

Effective immediately, Veria Law will be following the new, enhanced public health measures mandated by the Government of Alberta for business operations.

To that end, Veria Law is still open and operating. However, there will be no walk-in services, and only meetings by appointment are permitted. Please contact us if you wish to discuss a new matter. Masks will be mandatory for all clients in our office. Veria Law is also equipped with hand sanitizer and clear barriers in our conference room for client meetings. Of course, if you are not feeling well or under mandatory self-isolation, please do not come by the office. We will continue to offer virtual appointments as much as possible.

Everyone must do their part in countering the public health emergency we face. Only by working together can we meet the challenge.
